EXPERIENCE

Independent Freelance - Marton Istvan

January 2021 - Current

- Currently working with a professional photographer to design and develop a fully responsive, online e-commerce website.
- Tech stack includes React, Redux, Node JS, Express and Firebase. Stripe and PayPal will be used to accept payments.

Front-End Developer - Andre Laredo Fine Art Prints

June 2018 - May 2020

- Developed wireframes, site maps and content for new website design
- Designed and updated layouts to meet usability and performance requirements, as well as responsive and accessibility guidelines.
- Produced and maintained website using CMS tools
- Configured and purchased domain and hosting solutions and maintained the site for two years.

EDUCATION

Ryerson University - The Change School

January 2018 - Present

- Currently pursuing a certificate in Professional Photography
